

Panel: Nuclear Fuel Cycle: Debates on Multilateral Approaches (Grand Ballroom |)

Date/Time: Tuesday, February 19, 2013 / 15:30-16:45

Talking Points for: Caroline Jorant, President, SDRI Consulting

It's almost 10 years that IAEA had launched a broad reflection on the Multinational Approaches to the fuel cycle.

It is worth recalling what the endeavour was and describing how the industry reacted to it.

The concrete outcomes and implementation of the concept will then be presented.

A quick assessment of its validity and prospect for future development will then be proposed.
